

REST HOUSE

Our Vision

Create a fully functioning dwelling for the newly established **Roc Caivano Artist in Residence program** to honor the decades of contributions Roc made to the Preserve, as a board director, an artist, and a friend.

Beginning in September 2024, the artist-in-residence program will provide meaningful time to visual artists, writers, designers, and scholars who want to immerse their creativity in the Land & Garden Preserve's natural beauty.

Upgrade power, internet, and water supply.
Continue seasonal use.

-
- Estimated budget: \$260,000
 - Design: 2023
 - Construction: 2024
